

Your Knowledge. Your Money. Your Future.

A BEGINNER'S GUIDE TO BITCOIN & STOCK INVESTING

Small Steps Today. A Brighter Tomorrow!

BUILD WEALTH. CREATE OPPORTUNITIES. SECURE YOUR FUTURE.

It's never too late to start investing. Learn the basics, take small steps, and let your money work for you!

WHAT IS BITCOIN?

A DIGITAL CURRENCY WITH BIG POTENTIAL

- A type of cryptocurrency, not controlled by a bank or government.
- Can be bought, sold, and held as an investment.
- Known for price volatility, which can lead to higher risk and higher reward.
- Often used as a long-term investment (many call it "digital gold").

WHAT ARE STOCKS?

OWN A PIECE OF A COMPANY

- Stocks represent ownership in a company (e.g., Apple, Microsoft, Amazon).
- Companies grow and can increase in value over time.
- You can earn money through price appreciation and dividends.
- Generally considered less volatile than cryptocurrency, but still carry risk.

HOW TO GET STARTED

1 EDUCATE YOURSELF

- Learn the basics of Bitcoin, stocks, and how the market works.
- Follow trusted sources and take beginner courses.

2 SET YOUR GOALS

- Are you investing for retirement, extra income, or long-term wealth?
- Determine your time horizon (short-term vs. long-term).

3 CHOOSE A PLATFORM

- Select a reputable and beginner-friendly brokerage or crypto exchange.
- Compare fees, features, and ease of use.

4 START SMALL

- You don't need a lot of money to begin.
- Start with an amount you're comfortable investing.
- Consider dollar-cost averaging (investing regularly).

5 MONITOR & GROW

- Keep learning and stay informed.
- Review your investments periodically.
- Be patient — wealth building is a journey, not a get-rich-quick scheme.

INVESTING TIPS FOR SUCCESS

- Invest only what you can afford to lose.
- Diversify (don't put all your money in one asset).
- Think long-term.
- Avoid emotional decisions.
- Use automatic investing when possible.
- Take advantage of tax-advantaged accounts (e.g., IRA, 401(k)).
- Keep learning and stay updated.
- Be wary of scams — if it sounds too good to be true, it probably is.

COMMON MISTAKES TO AVOID

- Investing without doing research.
- Chasing quick profits.
- Putting in more money than you can afford to lose.
- Following unverified tips or social media hype.
- Not having a plan.
- Ignoring risk and market volatility.
